**Laird Q. Cagan Stadium**  
**Postgame Quotes**

**Head Coach Paul Ratcliffe**

*On the game today*

“We had a lot of chances. Their goalkeeper Bianca [Henninger] made some great saves. That helped them to hang around and then they scored the goal and it became a game.”

*On giving up a goal*

“I think everyone is disappointed we let in a goal. Everyone is a little bit down. But it was a good goal. It wasn't a breakdown for us, just a very good timed run and a great shot to the back post. I give them credit.”

*On the NCAA Tournament round of 16 game against UCLA*

“We are excited. UCLA is a big rival game for us. UCLA has a very talented team and it should be a good game.”

*On the depth of the team*

“Cami [Levin] is a great player. She has been playing great for us. Wherever we have a need she can fill in. I thought she was fantastic in the back. Alina had a fantastic game in the back as well. Also the player that we implemented for Verloo being out, Marjani was possibly the hero of this game with the goal at the beginning. So it just shows the depth of our team. Players can come in and make a big impact like that. Annie Case also had a great assist today.”

**Senior forward Christen Press**

*On the difference between this team and last year's*

“We are more experienced, we are more confident. We have been through more as a team. We have more depth and I think having lost after having such a great season last year, everyone wants it more.”

*On the depth of the team*

“In terms of games like this, it just opens things up. Our other outside back, Annie Case, was open all day because they were worried about Rachel [Quon]. We had so many people open making runs. I think it is just a testimony to our team. You cant just mark a couple players.”

*On the play of Hing-Glover*

“Marjani [Hing-Glover] is having a great weekend. She is a great player and it is about time everyone realized it. I think that goal is exactly what I expected from her. We call her shot the Johnny Rocket and it just rocketed right into the net like she knows how to do it. It was fantastic.”

*On knowing UCLA so well*

“I think it is a similar situation to Santa Clara. They know us really well and we have been Pac-10 rivals the four years I have been here. We know all their players, they know all our players, we know their coach, they know our coach. I think that can even the playing field so the better team can play. People look at it the other way, but we didn't play our best against them, so they have no idea.”

## **Sophomore Forward Marjani Hing-Glover**

### *On her goal today*

“It helps that you have people like Press who are creating distractions and you have to mark people like her. We have such an amazing team. We had a lot of other open opportunities and I saw one and I took it.”

### *On practice*

“We train everyday against the top team in the country, because we are playing against our starters. Everyone coming off the bench is part of the best team in the nation. It is always really tough, head-to-head competition. Everybody goes at it everyday.”

### *On her starts this weekend*

“Not really nervous. I was excited. I wanted to prove myself and not let the team down. I had an idea earlier in the week I would get the start, but I found out Friday right before the game and today right before the game.”
