

**2013 NCAA Women's Volleyball Tournament**  
**First & Second Rounds**  
**Dec. 5, 2013 | Stanford, Calif.**

**Oklahoma Head Coach Santiago Restrepo**

*On his team's performance...*

"That was a very talented Alabama team. They play very well together and they put a lot of pressure on you on the serves, on attacking. Finally we settled down and we played our game in the second, third and fourth. I think all of our starters did a very good job."

*On his team this season...*

"These kids have worked extremely hard to be here, to earn a spot in the tournament and to move ahead after the first round."

**Alabama Head Coach Ed Allen**

*On tonight's match against Oklahoma...*

"I felt we came out and approached things, especially offensively, very aggressively. What we experienced in this match was that we got to get better defensively. We've got to be a better blocking team. We only had four blocks in the whole match. That's only one block a set. That's a piece that has been an Achilles heel for us, particularly over the last two years. We need to get better at that. And just becoming a better defensive team overall."

*On the 2013 season overall...*

"I think it's a team that's played hard all year long. I mean they played hard in this match. Playing hard is one piece, and then playing smart and playing together are pieces we've got to get better at for 25 points. I think this is a team that plays well for about 21 to 22 points in a set and we've got a better job of adding three more points in the set."
