**Progression Systems for Pac-10 Regatta:**

In the men's finals, the lane assignments will be based on the seedings of the top finishers in the preliminary heats, with the top-seeded boat that won its heat [the seedings would go from the top (#1 seed) to the bottom (#21 seed)] being placed in lane 1 and the next highest seeded boat that won its heat going into lane 2 and so on.

In the women's finals, placement between each pair of two lanes will be determined by a blind draw [in a two-heat race, for example, the first-place boats would progress to lanes 1 and 2, the second-place boats would go to lanes 3 and 4, and the third-place boats would go to lanes 5 and 6, and so on].
