Progression Systems for Pac-10 Regatta:In the men's finals, the lane assignments will be based on the seedings of the seeding committee, with the top-seeded boat being placed in lane 1 and the next highest seeded boat going into lane 2 and so on. In the women's finals, placement between each pair of two lanes will be determined by a blind draw [in a two-heat race, for example, the first-place boats would progress to lanes 1 and 2, the second-place boats would go to lanes 3 and 4, and the third-place boats would go to lanes 5 and 6, and so on].
